George and Ron,

Mr. Duckworth left me a message stating that he intends to remove the rest of the trees on the west side of Sepulveda (all of them) and then leave the stumps (all of them) until some type of city (BOE) contract or...? removes them.

I know this was approved many years ago and now they want to do this but I am not in agreement with this.

At this time I am asking for a management decision as to what the two of you want or think should happen out there.

Thanks
